

CURRICULUM VITAE

Nathan Henry Morris

October 4, 2026

Contact Information

Phone: (706) 207-3375
Email: nhmorris@uchicago.edu
Webpage: <https://nhmorris.github.io/>

Education

University of Chicago, Chicago, Illinois

Ph.D. in Mathematics, 2026–2027

Advisor: Benjamin Bakker

University of Illinois Chicago, Chicago, Illinois

Ph.D. studies in Mathematics, 2021–2026 (transferred to the University of Chicago)

Advisor: Benjamin Bakker

University of Georgia, Athens, Georgia

B.A. in Music, B.S. in Mathematics, 2017–2021

Research Interests

Algebraic geometry, Hodge theory, non-abelian Hodge theory, geometry of moduli spaces, period maps, relations with topology and number theory.

Publications and Preprints

Rigidity for Families of Abelian Varieties over $\mathcal{M}_{g,n}$,
preprint (2026).

Flat Vector Bundles on Very General Curves and Dimension of Non-Abelian Hodge Loci,
submitted (2025).

Monodromy Representations and Rigidity for Families of Curves,
preprint (2024).

Invited Talks

April 2026 Dartmouth College
January 2026 University of Chicago
November 2025 Institute for Advanced Study

Conferences Attended

July 2025 Summer Research Institute in Algebraic Geometry, Fort Collins, Colorado
July 2025 Summer Research Institute “Bootcamp”, Fort Collins, Colorado
June 2025 CMND Thematic Program: Discrete Groups in Topology and Algebraic Geometry,
Notre Dame, Indiana
March 2025 Georgia Algebraic Geometry Seminar, Athens, Georgia
January 2025 Motives and Mapping Class Groups, AIM, Pasadena, California
March 2024 A Panorama of Moduli, Frankfurt, Germany
January 2024 CIRM Workshop: Hodge Theory and o-minimality, Luminy, Marseille, France
March 2023 Arizona Winter School 2023, Tucson, Arizona

Teaching Experience

Autumn 2026 Math 15100: Calculus I
Summer 2026 Math 210: Calculus III
Spring 2026 Math 180: Calculus I (TA); Math 179: Emerging Scholars Workshop for Calculus I
(instructor of record)
Spring 2025 Math 180: Calculus I (TA)
Fall 2024 Math 110: College Algebra (TA)
Spring 2024 Math 180: Calculus I (TA)
Spring 2023 Math 180: Calculus I (TA)
Fall 2022 Math 180: Calculus I (TA)
Fall 2021 Math 180: Calculus I (TA)

Honors

2022–2025 RTG Fellow in Algebraic Geometry (Spring 2022, Summer 2022, Summer 2023, Fall 2023, Summer 2024, Fall 2025)

Service

Spring 2025 Organizer, learning seminar on Hodge Modules
Fall 2024 Organizer, learning seminar on D-Modules
Spring 2024 Organizer, learning seminar on Algebraic Groups
Fall 2022 Organizer, learning seminar on Étale Fundamental Groups

Skills and Interests

Programming: (Arch) Linux, L^AT_EX, Java, Git, bash, shell scripting
Other interests: Music, bassoon, literature, philosophy
